If you like Time Mangement\/Tycoon games this is a good one,. I like this game. One of the better of these simple games. Can be fun for a few hours.. my favourite game.. This is by far my most favorite Dash game! I really put some time into this game making sure that I accomplish all the goals efficiently. Like all Dash games, they have a simple formula but this one in particular shines the most as there is even a silly story to give you that extra motivation to play. Great for all ages!

Pain... I kept wondering why the F$#\u00a8% i bought this thing....

the Tycoon addition to the name definetly tricked me... but it was the first and only time.. Thx to this game i will always triple check a game if it has Tycoon added to the name....

Its stupid, plain silly. No challenge, yet no chill. Its just sad... seriously dont buy this think "oh manage a restaurant type o\u2665\u2665\u2665\u2665\u2665\u2665quot; nope nope, its more like a celphone game, clicky clicky type of \u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665 crap.

If i got this game for free i would seriously sue the mofuc&*&. 8\/10 nice, but short casual game (I finish it in 5.6h).. Very short game, I finished it in 4 hours. While playing, I didn't find the game to be that much fun, and I would not recommend it to anyone unless it was free.. DO NOT RECOMMEND! this game is nothing more than the PAYING version of the online game Dinner City. Dinner city is a free online game which is the SAME GENERAL CONCEPT of this game. Please, do not waste your money.. or your hard drive space on this POS. - H\/K Gamer Review
