Similar to a real printer, office Convert PowerPoint to Pdf Free application is a GUI that allows you to create professional looking PDF documents from Microsoft PowerPoint presentations with just a few clicks. Features : office Convert PowerPoint to Pdf Free for Office 2010 or 2013 can be used to convert only Microsoft PowerPoint files to PDF and doesn't require you to install any third-party programs. And allows you to save your files to a file directory of your choice, so you can keep your.pps files safe and convenient in the file manager while at the same time, making your PDF documents come out of the PowerPoint presentation files stored on your hard drive. Upon opening the application, you can quickly scan all your PowerPoint files and decide on which one to convert. Once you have selected a PowerPoint file, you can select the file format to get a PDF document of the presentation, and you can choose the orientation, either landscape or portrait, if desired. office Convert PowerPoint to Pdf Free will start converting the selected file after you close the dialog window. office Convert PowerPoint to Pdf Free is an office application and we haven't found any errors in it. office Convert PowerPoint to Pdf Free Design and Interface To add or remove files to the list, you can use the well-designed file manager. You can easily choose which file(s) to add into the list or remove it from the list. You can get the list of files by selecting the "Show all files" option or "Show all folders" option. When you select a particular file in the list, you can see the file details like file name, location, size and type. When you are done with the file, you can mark it as completed or failed. The error or success status won't affect the conversion process. When the task is completed, you can open the list to see the documents that were converted. You can remove a file from the list or open the chosen document to show the outcome. You can print the list or copy it to the clipboard. You can clear the entire list and start the process over if desired. The application's interface is well-designed and you can do almost anything in order to get the job done. Besides, there isn't much to complain about the interface. Most of the applications we have reviewed this year are outdated and unprofessional. office Convert PowerPoint to Pdf Free Limitations The free version of office Convert PowerPoint to Pdf Free has some limitations, as the system requirements are quite high for an

#### What's New in the Office Convert PowerPoint To Pdf Free?
